Pro770FX

PROFESSIONAL QUALITY, CABINET,
SURROUND EFFECTS LOUDSPEAKER

ENGINEERED BY

**On-wall Special Effects
Loudspeaker**

Pro770FX

Stock Number

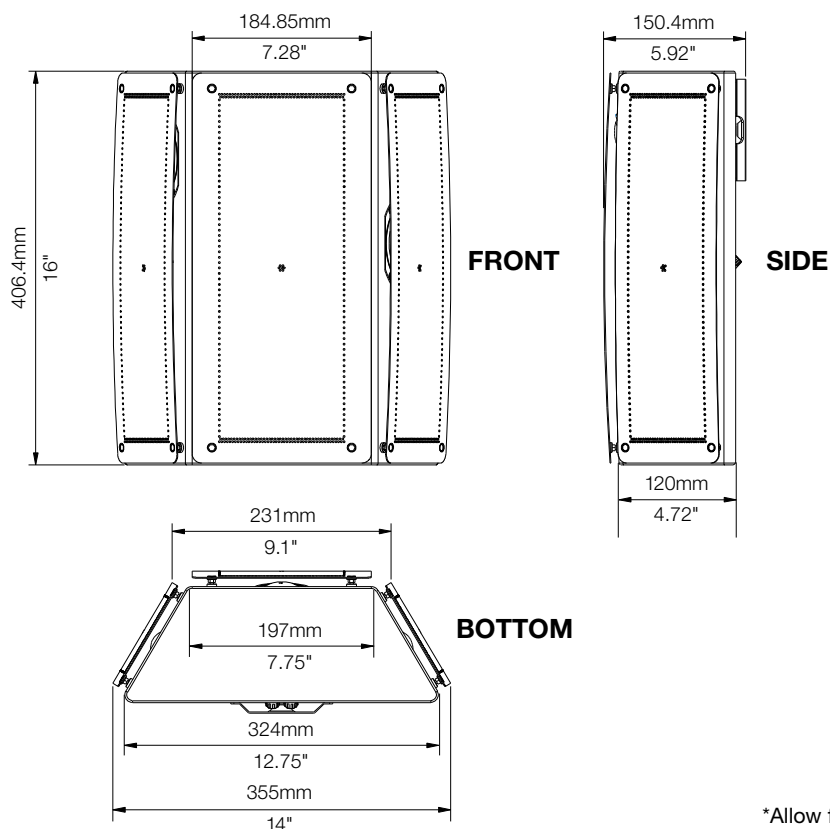

FG01337

**Features**

- Forward-firing 7" high power handling, interlaced carbon-fiber woofer with butyl rubber surround provides dynamic theater quality sound at sustained high-power output levels
- Forward-firing 1 1/2" fluid-cooled Teteron® dome midrange and 1" fluid cooled Teteron® dome tweeter are mounted in an adjustable, cast aluminum, fully-enclosed dispersion-controlling, midrange/tweeter pod for precise imaging
- Dual side-firing 87mm carbon-fiber midrange drivers with dual 1" Teteron® dome tweeters provide diffuse sound fields for optimum surround effects
- 12V controlled Dipole/Bipole relay accommodates automated DVD-Audio or Dolby® surround sound effects
- Front mounted Dipole/Bipole switch and effects level control enable fine-tuning after installation
- Cross-braced cabinet provides the ultimate in rigidity and sound clarity
- Gold plated input terminals accept 12 gauge wire and ensure positive connections
- Polished black cabinet and sculpted aluminum grille provide an elegant yet unobtrusive appearance
- Wall mounting bracket and template included

Specifications

- Frequency Response: 80Hz to 20kHz +/-3dB
- Sensitivity: 88dB (2.83V@1 meter)
- Recommended Amplifier Power: 20 to 150 watts
- Impedance: 6 ohm nominal; 3.2 ohm minimum
- Dimensions (without grilles and bracket): 12.75" W x 16" H x 4.72" D
- Dimensions (with grilles and bracket): 14" W x 16" H x 5.92" D

Warranty: Five-year limited**Shipping Weight: 40.77 lbs, 18.5 kg****Loudspeaker Dimensions** (shown with grilles)

*Allow for wiring.
